INCLEMENT WEATHER INFORMATION

As a stated policy, our church family will always endeavor to have regular services whenever possible. However, we also recognize there are times when weather and inclement conditions

make it more advisable to cancel services or provide an alternate inclement schedule for our services. If the decision has been made to cancel services, the church and community will be notified through social media, local radio stations, WKYT and WLEX18.

There may be instances where Sunday morning weather conditions won't permit services to be held. Sunday services are always of the highest priority. Therefore, there may be instances where an Inclement Weather Schedule would be advisable. In this schedule, Sunday School and Sunday evening services will be cancelled and the morning services will be moved to 2PM on Sunday afternoon. Again, when a decision has been reached to move to the inclement weather schedule the church and community will be notified through social media, local radio stations, WKYT and WLEX18. If the decision has been made to cancel services, the church and community will be notified through social media, local radio stations, WKYT and WLEX18.
